At level 9 & 10 Regionals in 2023 Level 10s will start the competition on Friday or possibly Thursday afternoon. Level 10's will continue to compete on Saturday. The Level 9 athletes will begin competition on Saturday and continue Sunday. Since the age groups are set by USA Gymnastics nationally it is impossible to determine what age group will compete when until all qualifiers and petitions are entered. While we make every attempt to not combine Level 9 and 10's in one session, there are times that we are forced to place them in the same session.
